

Fact Sheet

The Cornell Scott-Hill Health Center was the first community healthcare center in Connecticut when we were founded in 1968. We are a federally qualified community health center and we serve almost 35,000 patients throughout the greater New Haven and Lower Naugatuck Valley areas each year.

We are a **Joint Commission** accredited institution which means we are held accountable to the highest standards and best practices in safe and effective care.

A former winner of the Johnson & Johnson Crystal Award, the Cornell Scott-Hill Health Center continues to achieve significant progress in the field of community health. We provide comprehensive primary care, behavioral healthcare, and dental services as well as a number of special programs. These programs include, but are not limited to:

- Birth-to-Three services for children with developmental delay
- HIV/AIDS education and outreach to at-risk populations
- Inpatient alcohol and drug detoxification program
- Shelter for homeless people who are obtaining substance use disorder treatment
- Outreach to homeless individuals and families
- Diabetes prevention and education
- Perinatal case management
- School-based health centers
- Child and family guidance clinics

Our mission. Cornell Scott-Hill Health Center measurably improves the health and well-being of the communities we serve by providing excellent and compassionate care, accessible to all.
