It is very important that as many women as possible schedule their van appointments in advance of June 29th by calling (203) 688-1010. On the van, we follow the ACS screening guidelines those being that:

- Women must be 40 years of age or older - have no known breast problems

- Not have had a screening mammogram in the past 12 months

#### **For Un-Insured Mammography Van Patients:**
